Insurance Benefits for Delaware Businesses!

Allen Insurance Group with Benefits Connection has partnered with Aetna to introduce their new Affinity program to Delaware businesses! This is a unique Healthcare plan that is available to members. At this time, due to Delaware regulations and approval, it is available for groups with 6 to 100 full-time employees. Here are some quick facts about the new Aetna Affinity program.

- It is a level funding plan with tiered rates (not age rated like ACA)
- The rates are based on the wellness of the group's employees
- Rates can be 10-25% lower than ACA plan rates
- Partial return of premium when claims are less than expected

In response to legislative priorities of reducing health insurance premiums for members and reducing costs for businesses overall, it is with great pride that Allen Insurance is able to offer excellent insurance programs through the Benefits Connection. Contact Them Today! 302-654-8823
